

Computer Program Listing Appendix

B1
A computer program listing appendix on compact disk is included in this application. Appendix A and Appendix B are contained on a compact disk herewith as Appendix A.txt (space included), 51KB, loaded on the disk November 21, 2001, and AppendixB.txt (no space included), 212KB, loaded on the disk December 19, 2001, both of which are in ASCII format for an IBM PC/MS Windows compatible computer system, and both of which are incorporated herein by reference.--

In the Claims

Please amend the claims as follows. Immediately below is the clean set of the amended claims. The marked up version of the claims is set out after the signatory page of this Amendment.

B2
1 35. (Amended) A system for generating a source in a non-scrolling format for display in a display window having a user-selectable dimension using a processor comprising:
a screen page formatting mechanism configured to form a screen page dimensioned to fit the display window, to calculate a number of columns that will fit within the screen page, each column having a width characteristic, and to format the screen page for the number of columns; and
a display page formatting mechanism configured to format the source as a display document having a base font characteristic and a plurality of display pages each non-scrollably displayable for the screen page and to dynamically reformat the display document for a plurality of other display pages upon selection of a user selected font characteristic and the user-selected
